

Activate yourself! Fight for our democracy! Call these moderate Republican Senators and ask them to vote for impeachment AND removal.

Hi my name is (...). I'm a constituent of Senator (...). (Zip code is included in case they ask. You are under no obligation to give them an address.) I am asking Senator (...) to vote guilty in the impeachment trial and vote to remove the president from office.

Because

- 1) Senator (...) is up for re-election and I'm watching to see who he is listening to. That will determine who I vote for. OR**
- 2) Senator (...) is retiring and I'm wondering how he/she wants to be remembered. As a patriot who defended the constitution or someone who put party over country. OR**
- 3) Senator will be up for re-election next time and depending on his/her actions will determine who I support with contributions.**
