Mission Statement

The mission of the Progressive Democrats of Benicia is to encourage and promote progressive views on ideas, programs, and actions in our community that ensure equity and justice for all people. Further, our mission is to support the election and appointment of public officials who work to secure, maintain, and protect these rights and opportunities for all individuals in our communities.

Who we are. We are Benicia citizens who believe progressive principles are grounded in liberal ideals, such as rule by the governed for mutual benefit, equality in law, legal rights and privileges, and equality of opportunity for all, and that these principles can lead to pragmatic solutions for the needs and concerns of all our communities.
